

Country House (rustic) - Semi-detached for Sale to Dego Zone: Sugliani

150 square meters | Bathrooms: 1 | Bedrooms: 2 | Rooms: 8

The house is in the municipality of Dego, but is wedged in the Uzzone Valley in the heart of the Piedmontese Langhe, 15 minutes from Cortemilia, which is a UNESCO area for vineyards and hazelnut groves, and 40 minutes from Alba, the centre of the Langhe and symbol of the great red wines of Piedmont. The sea can be reached in 40 minutes and the ski slopes in 60. The house is on the edge of a well-populated hamlet reached by an asphalted road and all services are just over a km away in Scaletta Uzzone. Ideal therefore for tranquillity but very convenient for shops, restaurants, etc.

The property comprises buildings and land attached to the house.

The main buildings are 2, the first with the living part is structured on three levels with the second basement with stone cellars with a total of 2 rooms where excavation work had been started to increase the height. The ceiling slab was rebuilt in new concrete.

In the first basement there is a garage and two other rooms whose height has been reduced by remaking the floor slab. There are two large rooms, one with a window but the height is very low and not really compatible with a living situation, they are to be used as a deposit or warehouse. Large attic.

Finally ground floor with the living part with entrance hall, corridor that runs laterally along the whole house, kitchenette, bathroom,

living room a large bedroom and a small bedroom.

All in need of renovation, roof to be revised, grit floors, wooden window frames plain glass, shutters. The condition is mediocre, it could, after cleaning, be inhabited for holiday periods. To inhabit it well, fairly major work is required.

The second building is a beautiful traditional stone "chestnut-dry-house" with a circular plan. This type of building is very rare, as the old dryhouses are normally all rectangular in shape; it is in good structural condition and although not very large could be exploited.

Electric light, abundant spring water from the house's own spring system.

The house is well positioned and enjoys good views and privacy, it has access from an asphalted road from which an alley road runs around the building. The access road is also used by the neighbor who owns the neighbouring land of a former disused building adjoining the house.
