

House - Semi-detached for Sale to Spigno Monferrato

150 square meters | Bathrooms: 1 | Bedrooms: 2 | Rooms: 6

Spigno Monferrato, on the borders of the Langhe del Monferrato, 40 minutes from the coasts of Liguria and 20 minutes from the spa town of Acqui Terme, we offer an interesting solution for those who want accommodation in the green hills of the Langhe and at the same time have a house near the beaches and to the ski slopes. The house, located on the edge of a small residential area about 3 km from the town center, is independent on 3 sides and has a beautiful garden and vegetable patch of around 500 m² on the front. There is a small building with an oven on the land. The house is divided into two floors above ground with a residential part and a former agricultural part which could however be used to expand the residential part. On the ground floor we find the entrance which gives access to an atrium from which on the left there is access to a living room, a kitchen, a pantry, on the right side a single large room once used as a lounge and now as a multipurpose room.

From the atrium you go up to the first floor with an internal staircase where there are two bedrooms and a bathroom and a beautiful terrace along the entire front of the building.

In the agricultural part we have a room on the ground floor garage - storage and first floor a beautiful barn. The general conditions of the building are fair and the interior finishes are from the 70s. Tile and grit floors, single-glazed wooden windows, heating by stove. Connection to the municipal aqueduct and electricity, septic tank drains. The property is entirely fenced but the neighbor has a right of way at the edge of the land to reach land at the back of the house. The passage is permitted for the care of the land itself. The house is immediately habitable without too many demands and can obviously be improved to raise its quality and tone. The price is absolutely interesting in relation to the building and its location.
