

Country House (rustic) - Semi-detached for Sale to Saliceto

300 square meters | Bathrooms: 1 | Bedrooms: 4 | Rooms: 6

On the heights of Saliceto, in a dominant position with a beautiful view, but at the same time easily reachable from the main road, property for sale consisting of over 5 hectares of land and two main buildings in beautiful Langa stone.

You reach the property by taking a private detour from the main road and passing the neighboring property (also for sale see codes no. and) which shares a wall with it.

The first semi-independent part, therefore, is spread over three levels with 3 stone cellars on the ground floor and three rooms passing through each floor on the upper floors.

Floors in old cement tiles and a truly beautiful stone structure, the property needs to be completely renovated, but the roof of this part was redone about twenty years ago.

In front of the house is a now dilapidated building, a former oven and drying room for chestnuts.

All around very beautiful stone walls and truly breathtaking views.

Continuing, another building with really beautiful stone arches consisting of a stable with a barn above it and another woodshed room, yet another side warehouse and a cellar underneath it.

Remarkable details and a southern location make the property attractive for a quality renovation, especially considering the possibility of also purchasing the nearby property (code ---) and making everything completely independent.

Electricity present, spring water that has never been lacking, heating and services are missing.

Total land of 53,957 m²
